Homeowner Directory

The Homeowner directory contains a list of homeowners who have asked to be included, their address, and contact information (two phone numbers and one email). Phone numbers and email address are optional. If you don't want your phone number listed, just don't provide it. Similarly, if you don't want your email included, just leave that blank.

You may have several entries in the directory. If you and your partner have the same phone number and email, you can combine your names in one entry:

Scharf, Guy & Teresa 123-4567 guyandteresa@moxis.com 7940 N. Via Velazquez

Or, if you have different contact information, use two entries:

Scharf, Guy 123-4567 guy1398@moxis.com 7940 N. Via Velazquez

Scharf, Teresa 123-4599 teresa1399@moxis.com 7940 N. Via Velazquez

If you have different last names, using two entries can make it easier to find you, even if you have the same contact information:

Doe, Jane 123-4567 6000 N. Via Sempreverde

Smith, John 123-8901 6000 N. Via Sempreverde

You may include directory entries for all permanent residents at your address. Tenants who have been there more than a year and plan to continue may also be included.

Only your SMVE address will be listed in the directory. The directory will include a list sorted by name and another list by address.

Information contained in the SMVE master database will **not** be used for the directory. You must complete the directory information form to be included in the directory.

The directory will be made available to all 238 SMVE homeowner, who may look at the directory on the smve.org website or print a copy for their own use. Printed copies will also be made available to homeowners without internet access. While printed copies will be marked "for homeowner use only," given this wide distribution, there can be no expectation that the information in the directory will remain confidential.

The homeowner directory form must be signed and mailed, or scanned and emailed, to the directory address on the form.
